

Professional Services presents a Highway Carrier Workshop

Canada-U.S. Border Update

Gain practical knowledge on the latest border news & program initiatives!

Receive the very latest information from Industry Experts... don't miss this learning opportunity!

During this one day information packed workshop, you will...

- ▶ Learn the mandatory need-to-know facts regarding the ACE border initiative! Advance Commercial Environment (ACE) is now fully implemented at all 99 U.S. ports of entry.
- ▶ Gain practical operational insight & tips into e-Manifest, including arriving in-bond and the potential impact on your business. What's coming next to avoid potential penalty action?
- ▶ Learn why FAST, C-TPAT, PIP or the CSA release option will continue to enhance your border crossing. Are you meeting your obligations in a secure supply chain? Are you prepared for validation or audit within these program initiatives?
- ▶ Hear the latest update on Advance Commercial Information (ACI) or e-Manifest for Canada!
- ▶ Gain in-depth "need-to-know" information in order to be prepared for a general customs carrier audit or validation. Is your record keeping in order? Leave with valuable tips for testing your business systems!
